

SOMP Mains Thematic Course for MAINS 2024

Understanding UPSC Mains

UPSC Mains isn't an easy journey, everyone agrees. But more than that, it's the complexities the aspirants add into the preparation, which makes the preparation difficult. Apart from the issues of answer writing, the issue of having the '**right and optimum**' content and understanding the previous year questions always remains a challenge.

Mains 2024 is even complicated. Time to prepare for Mains is lesser this year. Thus, we need the most effective and efficient solution to cover the content. The Thematic Mains Course 2024 is designed keeping this issue in consideration.

Thematic Course – The Idea

UPSC repeatedly asks questions from certain specific themes and areas, in each GS Paper. Around **70-80% Questions** revolve around static thematic part.

A **grip** on these aspects makes an aspirant better equipped to deal with the uncertainties. It is the struggle to deal with this important part of the syllabus which makes the overall journey difficult. The **Thematic Mains Course 2024 will address** this issue.

Objectives and Deliverables under Mains Thematic course

- Analysis of **Previous Year Questions trends**, and themes.
- Coverage of majority of **Static Syllabus**, through a combination of **live video zoom sessions** and Thematic Notes **PDFs**.
- **Considering the less time available for Mains this year, the need is to use the time most effectively. In this context, the video sessions will be planned in a way to ensure the maximum utilization of time, when complemented with the Thematic notes.**
- **The video sessions will cover the following aspects.**
 - ✓ **Trends and Themes**
 - ✓ **Overall horizon** of the syllabus
 - ✓ **What to focus in each topic, and how much?**
 - ✓ What to understand **conceptually**, what to **cram**, and the **limits of cramming**.
 - ✓ How can the topics be **interlinked by UPSC?**

- ✓ *And much more...*
- **The video sessions aren't word by word coverage from start to end.**
 - ✓ **Why**
 - Simple - Because this **isn't the best utilization of time.**
 - Moreover, a student who is writing Mains, **knows a lot of things.** He just needs **adequate support to catalyze** the preparation and keep it in **momentum.**
 - To make it clearer, **we cannot take your 40 days** just to cover the same syllabus through video sessions, when **you can do the same in 20-25 days with sessions and notes, and utilize the remaining time for either Optional or GS revision or Answer writing.**
- **Few things** are mandatory to be read from **NCERT. Instructions** for that will be provided.
- **Note – Course Covers GS1, GS2, GS3.**

Schedule

- 12 sessions + 4 Buffer Sessions = Maximum 16 sessions
- Approximate duration of each session - 2.5-3 hrs.

Prafull AIR 249: Strategy for GS and Physics Op...

Courses which I have attended at SOMP are **Mains thematics courses and Hurricane batch for answer writing for 2021 attempt**. I had done course of Essay evaluation, Hurricane batch and Mock tests at SOMP in last attempt. My experience has been good there.

Sir I am writing mains first time and it is my first attempt too, I am very happy by your thematic course, if you would have bought that just after the results it would have been a lot better for me, any how better late than never, this course bought a lot of clarity to my studies and streamlined my sources and preparation.

Sir 17:28

UPSC se kehna main zinda laut aayi..... 17:28

Thanks to Thematics! 17:28

November 19

When I asked you how to revise prelims content you told me ke thematic ka wait Karo sab sort ho jaega. I kept on thinking ke aisa kya hai thematic mai jo sab ho jaega. And now, when I have actually attended 4-5 sessions of thematic I realise that you were absolutely right. It is a wonder how things and questions that seemed so difficult are becoming so easy because of thematic. Bht hi amazing concept hai sir and apki or sahil sir ki class attend krne mai alg hi fun aata hai.
