

## 3-Phase Comprehensive Answer Writing Batch for beginners for UPSC 2026

*Based on 3-Phase Iteration Approach*

A serious UPSC aspirant knows that the key to the name in the holy pdf to a very large extent depends on the **2<sup>nd</sup> stage of the examination – Mains written examination**. Yet, students face issues on many fronts, like:

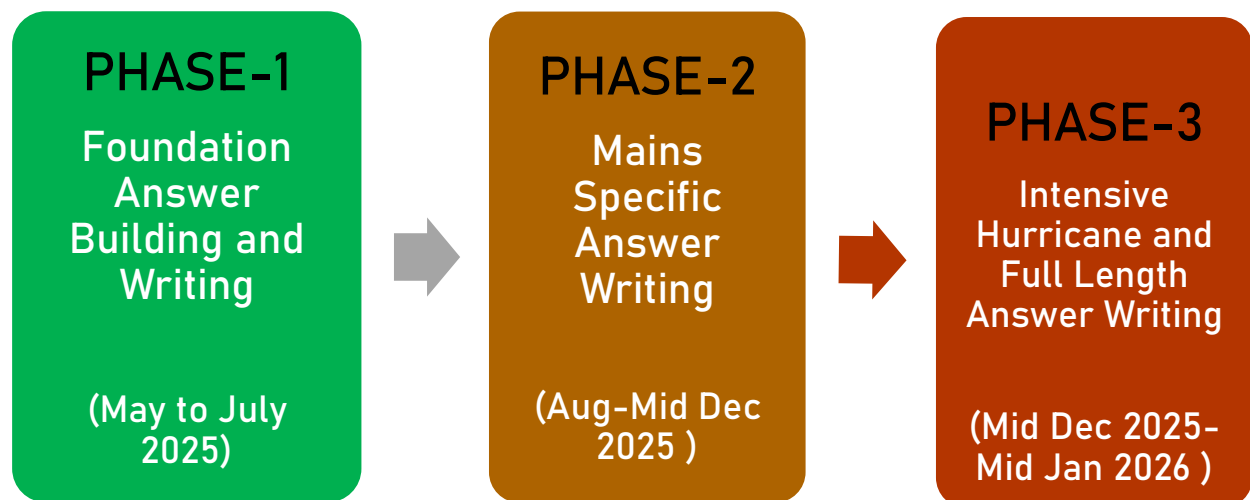

- **Awareness Deficit:** Either they don't recognize this or are not aware of this. This usually is the case with relatively less experienced aspirants or some wrongly guided aspirants.
- **Guidance Deficit:** They know the importance of Mains, but they are too overwhelmed with this process. They don't know how to proceed, even after having all the sources at their disposal.
- **Discipline Deficit:** They know everything, have the on-off temporary motivation, but lack the real discipline and grit required to place themselves at a relatively competitive position.
- **Reality Deficit** – Students who are unaware about how practicality and idealism are different. While an ideal scenario would direct you to write 16 Full Length Tests in next 3 months, practicality demands something else. Being Practical means, knowing how to sustainably proceed with the answer writing, most importantly **DAILY Answer Writing**

### The Problem is even more troubling for the absolute beginner candidates

- They are **not able to balance** the reading of the subjects and the answer writing.
- They aren't aware about the **strategy, direction and intensity** of answer writing to be done.

**The 3-Phase Comprehensive Answer Writing Batch for UPSC 2026 intends to deal with all these issues, and provide your Mains Answer writing the best direction till January 2026.**

## The 3 Phase Answer Writing Journey
